MISSION STATEMENT

The California Child Welfare Resource Library was founded to provide up-to-date educational materials for knowledge and skill building to the state's schools of social work education, the county public child welfare agencies, and the regional training academies and centers to promote best practices and advocate for the families and children who use the child welfare system.

LIBRARY GOAL

Recognizing that the education of future social workers and the continuing education of social work practitioners is of paramount importance to the quality of living in California, the Library strives to provide the highest level of support to patrons so that they will be prepared to work with and for the children who are the future of the Golden State.

California Child Welfare Resource Library

Bringing a World of
Child Welfare Resources
to Your Desk

Located on the Campus of
California State University,
Long Beach

Are You Looking For:

Tools to help make you a more effective educator?

Up-to-date materials to support your classroom instruction and research?

Resources for inservice training?

Are You:

- A faculty member of a CalSWEC school,
- An employee of a California county public child welfare agency,
- An employee of a CalSWEC-affiliated California regional training academy,
- A DHHS employee?

Would You Like to Choose From a Selection of Resources Including...

- 315 DVDs,
- 625 Videotapes,
- 2700 Books and Booklets,
- 30 Multimedia Kits, and
- 160 Journal Issues?

AND

Have your selections delivered right to your office?

It's as Easy as 1-2-3

1. Go to:
www.csulb.edu/projects/ccwrl
2. Click the Online Catalog link under Library Holdings, which takes you directly to the Library browser.
3. Fill in at least one search box to narrow your search. The browse buttons with drop-down menus may be helpful.
 - **Any Word** locates items with that word/phrase in the title/abstract.
 - **Title** and/or **Author** are self-explanatory.
 - **Keyword** searches by subject from online list.
 - **Record Type** helps you narrow the search by format (e.g., DVDs).
 - **Call Number** is for when you already know the call number of the item, but not the title. This is not a common search.
 - **Publication Date** lets you narrow your search to materials published in a certain year or timeframe.

The small drop-down boxes on the left (**And, Or, Not**) are used to make connections between two or more search fields.

Click **Submit Query**

Full Display shows each item's abstract.

To borrow items, click **Add to Cart**, for as many items as you want.

When you are ready to place your order, click on the **Cart Icon** to bring up your list.

On the drop-down menu select **Request** then click **Go**.

Put your **email address** in the box and in the optional message box include your **full name, school/agency, address, and when you would like to use the items** (e.g., ASAP, March 15, etc.).

Click **Send** to deliver your cart directly to the Library. Your order will be filled and sent to your Project Coordinator, who will alert you when it arrives.

For optimal results, please place your order a minimum of one week before your usage date.

WE CAN WALK YOU THROUGH THE PROCESS IF DESIRED. SO GIVE US A TRY...the answers to your child welfare resource needs are just a click away!
